4. A train of 10 to 12 flatcars, carrying four tanks with five bogie wheels per side, and no track-supporting rollers or muzzle brake, one tank chassis and motor vehicles, was observed between Bruck on the Leitha River and Wilfleinsdorf (1 49/X 67) at about 8 p.m. on 18 June 1950. The train headed toward Wilfleinsdorf. **
5. A train of similar composition was seen by another source in Wien-Simmering at about 10 p.m. on the same day. The train headed toward Stadlau (1 49/X 49).
